

BITC has compiled a list of humanitarian organisations that you could consider working with or donating to. The organisations included are those who are members of one or more of the following networks: the [Disasters Emergency Committee](#) (DEC), [START Network](#), [DFID Rapid Response Facility](#) partners, or [BOND](#) Humanitarian Group. The information is correct at November 2015.

BITC is not able to endorse one organisation over another, and it is up to companies to select the partner they feel is most appropriate to them and to carry out necessary due diligence. There are many other excellent organisations who for various reasons are not members of the four networks above; we would encourage companies to use the list as a starting point and to explore more widely as appropriate.

Please note the membership of these networks does change over time. We will endeavour to update the list on a regular basis, but for the latest information please contact the network directly.

If you are a humanitarian organisation who is a member of one of these networks and would like to be included on the list, please contact rosie.oglesby@bitc.org.uk
